

LUMINA LINES

It is in the essence of things. Evolution, transformation, evolution.

Light is part of these processes in a natural way.

We look, we perceive, we transform images into thoughts based on light and its infinite nuances, we then generate new ideas, thoughts, feelings.

Sea, together with light, is our passion. Being based in Viareggio, we learned about the arts of shipwrights, and we grew up with its shipyards leading Italian excellence in the construction and refit of superyachts worldwide.

Over thirty years collaborations and experiences with these key players gave us the ability to face foreign markets, and conquer the trust of shipyards, designers and lighting designers.

We look at the future investing in cutting-edge technologies and in the creativity of young people, always bench marking with international partners.

To keep evolving.

CUSTOM

We daily work with yacht interior and lighting designers, owners representatives and shipyards with their specific functional needs.

Customization is possible thanks to our R&D department and mechanical workshop with two CNC machines and a recently added 5 axis machinery.

Quality of light is probed with special equipment issuing lighting data strongly influencing the final effect in yacht interiors and exteriors.

Open to new cutting edge technologies and to listen to our discerning customers requirements: the way we are, the way we create bespoke yachts solutions.

N E T T O

NETTO IS THE RESULT OF EXTENSIVE RESEARCH INTO THE DEFINITION OF SPACE, THE DEVELOPMENT OF INNOVATIVE LIGHTING SOLUTIONS, AND THE DESIRE TO EXPRESS CREATIVITY THROUGH LIGHT. ITS ULTRA-SLIM PROFILE CREATES A PRECISE BLADE OF LIGHT, ENABLING DESIGNERS TO ACHIEVE LIGHTING EFFECTS THAT DIFFER SIGNIFICANTLY FROM THOSE PRODUCED BY TRADITIONAL SPOTLIGHTS. NETTO CAN BE USED AS A COURTESY STEP LIGHT, TO ACCENTUATE SCULPTURES AND DISPLAY CASES, OR TO CREATE STRIKING EFFECTS ON WALLS AND WALKWAYS. WHATEVER THE APPLICATION, NETTO HAS BEEN DESIGNED TO REVEAL AND ENHANCE THE BEAUTY OF EVERY ONBOARD ENVIRONMENT.

COLLABO

ORATIONS

70 YEARS OF ACTIVITY MEANS LOTS OF CHANCES TO
MEET CLIENTS, DESIGNERS, SHIPYARDS AND COLLECT
THEIR FEELINGS AND IDEAS ON THE PRODUCTS. SOME-
TIMES IT HAPPENS THAT STARTING FROM A COMMON
IDEA, WE DEVELOP A PRODUCT AND WE START A COL-
LABORATION IN CREATING NEW LUMINAIRES. THIS FAMILY
COLLECTS WHAT WE HAVE BEEN DEVELOPING SO FAR,
AND IT IS NOT OVER YET!
